GENERAL SUMMARY

Operates equipment to apply pesticides or implements surveillance for assigned department; responsible for the maintenance of all equipment; licensed to provide professional advice regarding the identification, control, and management of targeted pests. The Field Technician will be cross trained and may be assigned duties in other departments.

DISTINGUISHING FEATURES OF THE CLASS

Performs varied moderately complex work under general supervision according to pre-defined guidelines.

ESSENTIAL FUNCTIONS

- Identifies targeted pests;
- Completes work orders by mixing, applying and recording pesticide applications in accordance with work orders and applicable laws;
- Reviews chemical labels and safety data sheet (SDS) for each product in use before application;
- Operates application or surveillance equipment;
- Reads and navigates by paper and digital maps;
- Mixes and applies pesticides;
- Uses mobile and hand-held computers and Global Positioning System (GPS) units;
- Performs routine maintenance of equipment;
- Properly disposes of empty pesticide containers and rinsate materials;
- Maintains appearance and cleanliness of work area;
- Uses and maintains all personal protection equipment recommended by product label, SDS and department policy;
- Fabricates and rebuilds equipment.

ADDITIONAL FUNCTIONS

- May assist in collection, monitoring and distribution of biological control agents;
- May assist in special projects as assigned;
- May assist with training of other employees;
- Performs other related functions as required.

JOB REQUIREMENTS

- Must be able to obtain a Professional Applicators license within one month of hire (review specific department requirements);
- Knowledge of business mathematics;
- Skill in the safe operation of equipment;
- Ability to work and communicate effectively with the general public and coworkers, in person and over the phone;
- Ability to understand and follow complex verbal and written instructions and read and understand herbicide SDS sheets and labels;
- Ability to use a personal computer and mobile field computer;
- Ability to understand GPS technology for daily use of digital navigation equipment;
- Ability to use GPS equipment for mapping, surveillance and/or pesticide applications;
- Ability to maintain cooperative working relationship with other employees;
- Ability to work in the field independently and with peers and public.

Mosquito Abatement

- Must be licensed in Law and Safety and Public Health categories within one month of hire;
- Ability to understand mosquito physical characteristics in all stages of development and breeding habitats;
- Skill in the identification of mosquito species and vector diseases;
- May be required to drive in the evening.

Weed Department

- Must be licensed in Law and Safety and Agricultural Herbicide within one month of hire;
- Ability to recognize and identify weeds on the State Noxious Weed List;
- Ability to calibrate herbicide spray equipment;
- Ability to perform math calculations for mixing herbicides;

Pest Department

- Must be licensed in Laws and Safety and General Pest; or Rodenticide within one month of hire;
- Must be able to handle small mammal carcasses;
- Skill in recognizing pest infestations.

OTHER REQUIREMENTS

- May be cross-trained to perform functions for other departments;
- Must possess and maintain a valid driver's license;
- Ability to obtain an All-Terrain Vehicle (ATV) certification before use of ATV equipment;
- This position has been designated safety sensitive and therefore the incumbent is subject to random drug testing.

WORK ENVIRONMENT AND PHYSICAL DEMANDS

- The nature of the work will require the employee to be in the field for long periods of time under various weather conditions;
- The work may require moving, transporting, and using pesticides;
- Must be available to work different shifts as needed;
- Must be able to lift up to 50 lbs.;
- Must work with hazardous materials, heavy equipment and occasionally must negotiate fences, hazardous steep terrain with rough, rocky or wet surfaces;
- At times the employee may be exposed to dogs, farm animals, snakes and biting and stinging insects.

DISCLAIMER

To perform this job successfully, an individual must be able to perform the essential functions satisfactorily with or without reasonable accommodation. The above statements are intended to describe the general nature and level of work being assigned to this job. They are not intended to be construed as an exhaustive list of all responsibilities, duties and skills required of individuals in the job. This job description is not an employment agreement and/or an expressed or implied employment contract. Management has the exclusive right to alter this job description at any time without notice.

NOTE

Ada County reserves the right, at the discretion of the appropriate appointing authority, to waive any of the minimum qualifications for those applicants whose general or specific qualifications would otherwise qualify the applicant for the position or lead the appointing authority to believe that the applicant is capable of performing the assigned duties and fulfilling the assigned responsibilities. The hiring pay range may be appropriately adjusted based upon current and/or prior applicable Ada County employment experience.

** If you need reasonable accommodation to participate in and/or complete the county's application process, please contact Human Resources at the phone number or address listed hereon. (TDD call 287-7979)*
